

How to setup your mobile broadband stick

Insert your new CallPlus SIM into your mobile broadband stick. The following setup instructions will allow you to connect to the internet.

- Step 1:** Plug your stick into your laptop USB connection
- Step 2:** USB drivers will be installed, click on '**Run AutoLaunch.exe**' or '**Run Setup.exe**' when it loads
- Step 3:** Allow '**Telecom NZ Connect Me**' or '**Sierra Wireless**' to install on your computer
- Step 4:** Once installed click on '**Connect**' from the main menu.
Please call 0800 89 5000 if you need technical assistance.
